

1. This message announces the scheduling of the USAMC Logistics Support Activity (LOGSA) **Worldwide Logistics Training Workshop (WLTW)** formerly known as **Major Item Training Workshop (MITW)** for the week of 8 - 12 March 2004. The workshop begins at 0900, 8 March 2004, and ends at 1400, 12 March 2004, in the Bob Jones Auditorium at the Sparkman Center, Redstone Arsenal, Alabama. The workshop is hosted by the LOGSA Commander. We believe the WLTW provides an opportunity for attendees to receive instruction and obtain a wide range of information on logistics systems, programs and initiatives. It provides auditorium training, classroom training, hands on computer training, one-on-one training, and Help Desk support. We all interact in various modes with today's technology, and this workshop provides a chance for customers and support staff to meet face-to-face, including representatives from the tactical, national, strategic and joint arenas. This workshop at Redstone Arsenal is more comprehensive than the regional small group training events conducted by LOGSA during the year.

2. **Registration:** For your convenience you can register on-line by completing the 2004 WLTW Registration Form. We encourage everyone to use this on-line registration. We ask you to provide us with a registration form for **each** attendee to ensure that we have the proper number of handouts and workshop materials available.

3. **Registration Fee:** A reimbursable fee of \$100 for government employees and \$150 for non-government employees will be charged for the workshop (make sure you have a statement in the remarks block, on your orders, that a "Workshop fee of \$100/\$150 is required to attend the workshop"). So that you will get reimbursed, the \$100/\$150 fee can be paid by check or money order made payable to "Defense Finance and Accounting Services (DFAS) St. Louis" or simply "DFAS - St. Louis". LOGSA will have representatives at The Redstone Officer and Civilians Club and (designated hotels) to collect the fee and provide you with training materials, to include visitor badges and parking passes for the workshop (look for signs at the hotels listed in this message). Recommend every effort be made to take advantage of the 7 March 2004 check in. This process allows us to begin promptly at 0900 on 8 March 2004.

4. **Dress:** Duty dress for this event is business attire for civilians and class B or BDUs for military.

5. **Security: Change for this Year.** All briefings, workshops, and training sessions at the WLTW are unclassified. Please note that the DA Form 1663, Request for Visit Authorization, will only be required for individuals who might have a need to access classified information or need to visit a classified area while attending the WLTW. The FAX number for that purpose is DSN 645-0872/897-6689 or commercial (256) 955-0872/313-6689.

6. **Agenda Information Includes:** Army Total Asset Visibility (ATAV), Continuing Balance System - Expanded (CBS-X), Computer Based Training (CBT), Distribution Execution System (DES) 4.4, DES REQVAL Automated Redistribution System (RVARS), Force Info - Multi-compo & Army Force Structure, Global Combat Support System- Army (GCSS-A), Logistics Integrated Data Base (LIDB), Pipeline, Logistics Modernization Program (LMP), Logistics Total Army Authorization Document System (LOGTAADS), Major Item Requisition Validation (MIRV) / Equipment Release Priority Sequence (ERPS), Department of Defense Activity Address Code (DODAAC), Sets/Kits and Outfits Tools (SKOT), TAMMS Equipment Data Base (TEDB), Unique Item Tracking (UIT), Item Data, Closed and Open Work Order Reporting, Serial Number Tracking, Readiness Reporting, Maintenance, Usage Reporting, Distribution Management, Readiness Predictive Analyzer (RPA), Parts Tracker Plus, WEBLOG, and the Property Book Unit Supply Enhanced (PBUSE). In addition to the logistics training being provided, personnel from HQDA, Quartermaster Warrant and Noncommissioned Officer branches, will conduct an overall briefing and offer individual professional development sessions. These topics are listed alphabetically and not in order of importance or presentation. A firm schedule of listed events will not be made final until the day of the workshop. We have learned with such a large workshop that something always changes in our schedule all the way up to the last day. Thanks in advance for your understanding on this issue. Our format works out so that we have something available at all times for a wide range of users, whether it is in our main auditorium for larger audiences or in an individual workshop for more detailed instruction. Reminder, there is an entry on the on-line registration form to request additional topics be added to the agenda. We need your input to make this workshop relevant to you! We encourage you to routinely check our website for changes or additions to our Agenda.
